Description

Artist's note: "The illustration of May in Jasu Wonder World 2022 calendar. The theme of the calendar was *Window to Another World*, featuring 12 detailed and colorful illustrations. Each one of the illustrations has a unique story to tell through views that open through different window, and the things that happen all around the window frame. For some years now I've had an idea for a story about this girl and this dragon. In time I'll create this story as a comic, but meanwhile, as I work my way through all the projects I find necessary to finish before I move to that particular comic, I'll keep you waiting and wondering what the story will be all about. ;)
